Hi Sarah,

That's great news – thank you so much indeed for the update – such an exciting project.

I am not due to be in the area as things stand but I will certainly be in touch if I am as I'd love to come and hear the update on your plans. I will also find out if any of my colleagues are planning to be close by and I'll be in touch if they are.

Thanks again for the update – exciting times!

Kind regards,
[REDACTED] (S40)

Subject: Filton Airfield - YTL

Hi [REDACTED], (S40)

I hope you are well.

I just wanted to drop you a line to let you know that we secured a resolution to grant outline planning permission for our scheme at Filton Airfield last week. This is a huge milestone for us and an exciting step on our path to seeing the scheme come to life.

As you know YTL are wholly and firmly committed to a long and meaningful relationship to our Filton site, South Gloucestershire, its communities and its businesses. We want to build a new neighbourhood where we will have the best of aerospace and advanced engineering companies and some of the best places to live in our region for all ranges of affordability.

We hope to be on site early next year to start the infrastructure works with construction starting later in the year.

If you or any of your colleagues are in the area we would be delighted to give them an update on our plans.

Best wishes,

Sarah
